Complete the Health Check

The Health Check asks questions about your current health status and wellbeing habits. Once completed, you'll see your health score, learn about possible health risks and get practical tips to help you maintain and improve your wellbeing. You'll find the survey under the **Health** tab.

Biometric screening

Get vital information about your overall health, including cholesterol, glucose, blood pressure and more. Complete your screening by visiting your physician and returning the completed Health Screening Form. Get more information on your **Benefits** page today.

Coaching

Looking for additional help? Try personal coaching for one-on-one support, practical guidance and answers to your questions. Connect with a coach to set goals, overcome obstacles and get constructive advice. Go to the **Health** tab and choose **Coaching** to get started.

Track your Healthy Habits

Healthy Habits offer you bite-sized ways to build a healthy routine and improve your wellbeing. Over time, these small steps add up to big changes that'll make you successful. Your Healthy Habits will be customized based on your Health Check results and the interests you set in your profile. Go to **Healthy Habits** to change up the habits you try over time.
