

Rx Smart Save

As your pharmacy benefit manager, Capital Rx provides you with access to safe, high-quality, and cost-effective prescription benefits.

HOW IT WORKS

Through Capital Rx's Rx Smart Save program, included complimentary with your pharmacy benefits, you can be notified about clinically appropriate, low-cost alternatives to your medications that can help lower your prescription costs.

1

John's doctor sends a prescription for Lumigan to the pharmacy

2

Once processed, John receives a notification on his phone via the Capital Rx app

3

John opens the alert and sees he could save \$82.52 by switching to latanoprost

4

John calls his doctor and asks about the recommended alternative. John's doctor agrees to switch the prescription to latanoprost

5

The pharmacy receives the new prescription and John saves \$82.52

To take advantage of this complimentary program and receive real-time notifications about savings with lower cost alternatives, [download the Capital Rx app](#) on your device. Messages can also be viewed through the [online Member Portal](#).
