

Leidos Benefits Summary Plan Description

Disability Plans

The Leidos Disability Program is designed to provide income in the event a participant becomes ill or disabled and is unable to work for an extended period of time. There are two components of the Disability Program:

- **Short-Term Disability (STD)**
- **Long-Term Disability (LTD)**

Important: This document provides only a summary of general plan provisions. Separate Plan Documents and Insurance Certificates are available from the Plan Administrators, which serve as the legal documents that govern these plans.

Short-Term Disability(STD)

If a participant is sick or injured and unable to work, the participant may receive benefits through Short-Term Disability (STD).

- Disability Sick Leave (DSL)
- Voluntary Short-Term Disability Insurance (VSDI)
- Leidos California Voluntary Disability Plan (Leidos CA VDP)
- Other State-Mandated Short-Term Disability Plans and Medical Leave Programs:
 - California State Disability Insurance (CA SDI)*
 - Colorado Paid Family and Medical Leave Insurance (FAMLI)
 - Connecticut Paid Family and Medical Leave (CT PFML)
 - Delaware Healthy Families Act
 - District of Columbia Universal Paid Family Leave (DC PFL)
 - Hawaii Temporary Disability Insurance (HI TDI)
 - Maine Paid Family & Medical Leave (benefits begin 5/1/2026)
 - Massachusetts Paid Family and Medical Leave (MA PFML)
 - Minnesota Paid Leave
 - New Jersey Temporary Disability Insurance (NJ TDI)
 - New York Disability Benefit Law (NY DBL)
 - Oregon Paid Family Leave Insurance
 - Puerto Rico Temporary Disability Insurance
 - Rhode Island State Temporary Disability Insurance (RI TDI)
 - Washington State Paid Family and Medical Leave (WA PFML)

All Leidos, Inc. employees working in California are automatically covered by the Leidos California Voluntary Disability Plan (Leidos CA VDP). Employees working at Kudu Dynamics LLC, Leidos Security Detection and Automation, Leidos Engineering, 1901 Group, Gibbs & Cox, Dynetics, Inc and Dynetics Technical Solutions, Inc. are covered by the State of California SDI program. If you are unsure which plan you participate in, contact Leave Services at 855-553-4367, option 4 or email LeaveServices@leidos.com.

STD benefits may be paid for up to 180 days of continuous disability. The benefit amount is determined by the length of the disability, the participant's elected disability coverage and any state disability and medical leave benefits.

Below are some important terms used in describing how a participant is eligible to receive benefits through the disability plans:

- **Active Pay Status** — Employee receives pay for a normal scheduled day of work, including regular pay, comprehensive leave, bereavement, or jury duty benefits. Active pay status does not include employees who are on leave of absence, on whole-week voluntary or involuntary LWOP, or receiving disability benefits (DSL, CA VDP, VSDI, or LTD). An employee must be actively-at-work on the effective date of coverage to be covered under the Leidos STD plan.
- **Claims Administrator** — The organization that is accountable for receiving the participant's application, determining which benefits are payable and ensuring that payments are made:
 - For DSL, VSDI and Leidos CAVDP, Sedgwick administers the plans.
 - For the Hawaii state disability plan, Life Insurance Company of North America (LINA), a New York Life company, administers the plan.
 - For the California SDI, Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Maine, Massachusetts, Minnesota, New Jersey, New York, Oregon, Puerto Rico, Rhode Island, and Washington state, the respective states administer the state disability and medical leave programs.
- **Hospital Confinement** — any 24-hour period of time, or any part thereof, for which a claimant is properly charged a full day's rate for room and board as a registered bed patient in a hospital, or in a nursing home as defined in Section 1395X of Title 42 of the United States Code. This includes hospital admission under inpatient status or observation status. Emergency Room Visit and Outpatient Surgery are excluded.
- **Physician** – Includes physicians and surgeons holding an M.D. or D.O. degree, physician's assistants (PA's), nurse practitioner's (NP's), psychologists, optometrists, dentists, podiatrists, and chiropractic practitioners licensed by state law and acting within the scope of their practice as defined by state law. For disability related to normal pregnancy or childbirth, medical certification may be provided by a midwife or nurse practitioner.
- **Psychologist** – a licensed psychologist with a doctoral degree in psychology, or a doctoral degree deemed equivalent for licensure under applicable state law and acting within the scope of practice as defined by state law.
- **Qualified Disability** — A disability that has been certified by a physician or other health care provider, based on objective medical evidence, and subsequently reviewed and approved by the claims administrator. Each plan may have different definitions as to what types of conditions are disabling (for example, some state plans differ from the private insurance plans). Keep in mind that not all disabilities will be approved.

In general, under most short-term disability plans, a participant is considered disabled when the participant:

- Is physically or mentally ill, or is injured and the condition prevents him or her from performing his or her regular work;
- Is under the regular and continuous care of a physician or other health care provider; and
- Is not performing work for any other employer, including self-employment.

Regardless of the plan, the participant may be required to provide objective medical evidence to qualify for benefits. The claims administrator will determine the types of medical documentation needed and how frequently the documentation must be updated.

- **Recurring Disability**—Recurring Disability shall mean two or more intervals of disability, due to the same cause or condition, separated by less than 31 days of continuous active work with the Company and shall be considered the same disability. A new waiting period will not be required. The period of time worked between disabilities will not count against the maximum benefit leave duration. For purposes of calculating the claimant's amount of benefits under the Plan, regular wages as of the date of the original onset of disability shall be used.
- **Regular Wages**
 - With respect to Regular, Full-time Employees, regular wages shall mean the scheduled base salary amount of compensation prior to any voluntary salary reduction, excluding overtime, shift differential pay, bonuses, commissions, stock transactions, expense reimbursements and moving expenses in effect during the last completed payroll period immediately prior to the date of commencement of the employee's disability.
 - With respect to all Part-time Employees, regular wages shall mean the average weekly compensation paid by the Company excluding overtime, shift differential pay, bonuses, commissions, and stock transactions during the previously completed 12-week period prior to the date of commencement of the employee's disability.

Important: This document provides only a summary of general plan provisions. Separate documents are available from the plan administrators, which serve as the legal documents that govern these plans.

Overview of the Short-Term Disability (STD) Plans

Leidos' Short-Term Disability (STD) Program is made up of four components:

- **Disability Sick Leave (DSL)** hours, which are provided by Leidos at no cost to eligible employees;

- **Voluntary Short-Term Disability Insurance(VSDI)**, which is elected and paid for by the participant;
- **Leidos California Voluntary Disability Plan (Leidos CAVDP)**, which is paid for by the participant; and
- **Other state-mandated disability or paid medical leave programs** in California, Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Maine, Massachusetts, Minnesota, New Jersey, New York, Oregon, Puerto Rico, Rhode Island, and Washington. This is paid by either the employee, employer or a combination of employee and employer.

If a participant becomes disabled, these STD benefits are designed to work together to replace a percentage of a participant’s regular wages prior to the disability. After a participant is certified as having a qualified disability, STD benefits are generally payable for up to 180 days, based on the length of disability and the program components available.

Under some circumstances, separate absences might be defined as the same disability if there were two consecutive periods of qualified disability due to the same or a related cause or condition that are separated by less than 31 consecutive days.

STD Program Components				
PLAN	WHO IS COVERED?	WHO PAYS FOR COVERAGE?	WHEN DOES IT BEGIN?	HOW LONG DOES IT LAST?
DSL	Those in benefit-eligible fringe packages	Leidos	On the 8th calendar day, except when hospitalized or in hospice	For a maximum of 180 days or upon exhaustion of benefits in accordance with plan limits
VSDI	Only those who enroll	The participant	On the 8th calendar day, except when hospitalized or in hospice	Until the end of the qualified disability, to a maximum of 180 days
Leidos CAVDP	Leidos, Inc. employees in California who are eligible and automatically enrolled in this plan	The participant	On the 8th calendar day of disability	Until the end of the 52nd week of a qualified disability; or after the participant has exhausted his or her 52-week benefit amount, if part-time
OTHER STATE DISABILITY PROGRAMS	Employees in California who are not eligible for the Leidos CA VDP, all employees in Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Maine, Massachusetts, Minnesota, New Jersey, New York, Oregon, Puerto Rico, Rhode Island, and Washington	Varies by state; usually both the participant and the employer	Varies by state	Varies by state

How Short-Term Disability Works

How to File a Claim

If a participant becomes disabled, as defined by the Disability Program, the participant must take the following steps to apply for benefits:

- Notify supervisor and HR POC.
- If enrolled in the **DSL**, **VSDI** or Leidos **CAVDP**, the participant should call Sedgwick, Leidos' disability claims administrator, at 1-877-399-6443. Participants can contact Sedgwick to file a claim 7 days a week/24 hours a day. Participants may also file a claim via www.mysedgwick.com. Sedgwick will need the following information:
 - The participant's personal information (including name, address, phone number and employee number);
 - The participant's healthcare provider's name, mailing address, phone number and fax number; and
 - The participant's anticipated length of time away from work due to the qualified disability.
- Under DSL and VSDI:
 - Supporting medical documentation from the physician must be provided to Sedgwick within thirty (30) days of the date on the initial packet letter or thirty (30) days from the first date of absence, if a claim is future dated. Medical documentation for disability extensions must be submitted within twenty (20) days of the date the employee requests the extension or the claim may be denied.
 - Sedgwick will make a decision on the disability claim within two (2) business days of receiving medical documentation, or when the disability begins, whichever is later.
- Under the CA VDP:
 - Supporting medical documentation from the physician must be provided to Sedgwick within sixty (60) days of the first day of disability, or when the disability begins, whichever is later.
 - Sedgwick will make a decision on the disability claim within two (2) business days of receiving medical documentation.
- If the participant lives in Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Maine, Massachusetts, Minnesota, New Jersey, New York, Oregon, Puerto Rico, Rhode Island, and Washington, or if the participant lives in California and is not eligible to enroll in the Leidos CAVDP, the participant will also need to file for state disability or medical leave benefits. See the *Other State-Mandated Short-Term Disability Plans* section for more information.

The payment of a disability claim is not automatic - the participant must take the appropriate steps or disability benefits may be delayed or denied. Under most circumstances, if the participant is not able

to contact the claims administrator(s), a family member or other designee can initiate the appropriate steps on the participant's behalf. The claims administrator will begin evaluating the participant's condition after receiving notification of the disability.

How STD Benefits Are Paid

After certification of qualified disability, the participant receives STD benefits based on the length of disability, elected coverage (VSDI), DSL balance and any state benefits.

Under DSL and VSDI, a participant will receive disability benefits, not to exceed 180 days, based on the following schedule: *

- **Week 1:** 7 calendar day waiting period unless hospitalized as defined;
- **Weeks 2— 10:** Up to 100% of weekly wages to a maximum plan benefit;
- **Weeks 11— 19:** Up to 80% of weekly wages to a maximum plan benefit;
- **Weeks 20— 26:** Up to 66 2/3% of weekly wages to a maximum plan benefit.

*If hospitalized as defined, the participant will receive:

- **Weeks 1-9:** Up to 100% of weekly wages to a maximum plan benefit
- **Weeks 10-18:** Up to 80% of weekly wages to a maximum plan benefit
- **Weeks 19-26:** Up to 66 2/3 of weekly wages to a maximum plan benefit

If the participant is receiving benefits from the DSL, VSDI and/or Leidos CAVDP plans:

- Disability benefits will be paid through the Leidos payroll system;
- The benefit amount will be reduced proportionately if a benefit is payable for less than a full week;
- Benefits are paid through the participant's paychecks, through direct deposit, if applicable, as long as the check is processed as part of the regular payroll cycle;
- DSL and VSDI payments are taxable income. The Leidos CAVDP benefit payments are not taxable.
- Payroll deductions will continue to be made for elected benefits such as medical, dental, vision, VSDI, the Group Universal Life (GUL) Insurance Plan, and the Voluntary AD&D Insurance Plan.
- Participants on part-time disability will have one pay period delay in receiving their benefit payment.

If the participant is receiving benefits from a state-mandated STD plan:

- Benefit payment schedules and taxability vary by state plan;
- The state plan determines eligibility for benefits;
- The employee will receive a separate check directly from the state plan;
- Contact the state agency for specific information.

Each STD claims administrator determines eligibility for the plan it administers and makes a determination of benefits eligibility.

Each STD plan may require, at the Plan's expense, an independent medical evaluation. The participant may be required to go to a doctor of the plan's choice to be examined or to have medical records sent to a third party for review.

In each plan, there is a formal appeal process if the participant disagrees with the determination of the claims administrator.

- For the DSL and VSDI plans, refer to "Claims Appeal and Review Procedures Under ERISA" in the Plan Information section for more information on relevant procedures.
- For all other plans, contact the claims administrator for information on the appeal process.

Pregnancy

Pregnancy is treated as a disability. Participants who are considered to be disabled due to pregnancy must follow the same process that apply to all other disabilities. However, the 7-day waiting period for non-hospitalization will not apply to participants who give birth at home or at birthing centers.

Participants on Rotation

A participant on a rotational work schedule (e.g., 90 days on/90 days off) who has a qualifying disability, will be paid disability benefits even if the disability falls on a period the participant is scheduled to be off.

Home Confinement

Illnesses or disabilities that involve home confinement and that have been certified by a physician or other health care provider qualify employees for disability benefits as of the 8th calendar day, based on approval from the claims administrator.

Hospice

A disabled participant admitted to hospice care will not be required to complete the 7-day waiting period.

Public Health Emergencies and Pandemics

The Plan reserves the right to waive the 7-day waiting period in the event of a pandemic or public health emergencies (declared or undeclared), as determined in the reasonable discretion of the Plan.

Bereavement, Jury Duty, Voting Time or Holiday

A participant will receive disability pay if on approved disability on a day bereavement, jury duty, voting time or holiday occurs. The participant will not receive separate paid time off for bereavement, jury duty, voting time or holiday.

Intermittent Disability

A participant may be approved for intermittent disability if the physician provides medical documentation supporting medically accepted and necessary intermittent treatments (e.g., cancer treatments).

Confidentiality

All medical information that a participant and his or her physician or health care provider supply to the disability plans is kept confidential and will be protected from unauthorized use. Certain claims may require the use of a special, written authorization form. The participant will need to sign and return the form as soon as possible so there is no delay in processing the claims.

STD Claims Management

All STD Plans require that the participant cooperates in collecting the medical information necessary to review the claims and make a benefit determination. The most common reason that claim payments are delayed is the failure of the participant's health care provider to return calls, return forms or otherwise provide requested medical documentation.

A participant can help the claims administrators make more timely decisions by:

- Explaining to the healthcare provider that the administrator will be contacting them;
- Following up with the health care provider's office after a request for information has been made to ensure that the information is being collected and sent to the administrator; and
- Notifying the claims administrator immediately if the participant's return-to-work plans change, or if the health condition significantly changes (for example, if a surgery is needed). This will allow the plan administrator to help the employee file for an extension of benefits, if appropriate.

Some state plans insist that the documentation be provided only on specific forms. The healthcare provider should be aware of these requirements. However, a participant who receives a letter from the state indicating that the documentation was not provided in the appropriate format should contact his or her health care provider immediately.

For the DSL, VSDI and Leidos CAVDP, Sedgwick will contact the participant's physician or healthcare provider to request the appropriate documentation. In addition, Sedgwick will make a determination as to the expected return-to-work date based on objective medical evidence provided by the participant's physician or health care provider. If a participant's qualified disability extends

beyond the original estimated return-to-work date, the participant should have his or her physician or health care provider complete the extension form provided by Sedgwick. Failure to provide disability extension documentation could result in delayed or denied benefits.

Coordination Among the STD Plans

The STD Program is designed to provide a certain degree of income protection if a participant is unable to work. The individual STD plans coordinate with each other so that participants do not receive duplicate benefits. In addition, some offsets or deductions may be made for other plans for which the participant might be eligible. In general, STD benefits will be offset by:

- Social Security benefits (except family Social Security benefits) for any period of time during which disability benefits are paid. Once disability benefits begin, however, they will not be further reduced by any statutory increase in Social Security benefits. If the receipt of Social Security retirement benefits commenced prior to the Participant's disability such benefits will not be offset;
- Any benefits based on wages payable to the participant under any worker's compensation law;
- Disability benefits payable to the participant under any employer-sponsored group policy other than the Leidos disability plans;
- Disability/medical leave benefits for employee's own serious health condition payable under any federal or state law;
- Any salary (excluding vacation pay), income or sick pay from any employer or from self-employment;
- Any plan, fund or other arrangement, by whatever name called, providing disability benefits pursuant to any Compulsory Benefit Act or law of any government;
- Any government retirement or disability plan that is initiated or increased as a result of a participant's disability;
- Any income or wages earned during rehabilitation employment;
- Any financial settlement, award, benefit or other monetary recovery the participant receives – through litigation or otherwise – attributable in whole or in part to the negligence, the wrongful act or any other civil or criminal incident that resulted, in whole or in part, in the disease, illness, incapacity or injury that substantiates the disability claim. (This offset can be made for the entire amount of the third-party recovery, regardless of whether it is attributable to lost wages, incurred medical expenses or punitive damages.);
- Benefits payable under any Unemployment Compensation Act of the United States or of any state during any period of disability leave.

Although the coordination of benefits may reduce the amount received from the STD plans, all benefits together will still equal the total amount under the STD plan(s) that the employee is eligible for and enrolled in.

Medical Record Fees

The participant is responsible for any fees associated with obtaining medical records and medical certification forms related to the disability claim. However, the Plan will pay for document translation services if necessary.

Acts of Third Parties

In the event that a participant is injured through the acts of a third party (e.g., auto accidents), the Plan will provide benefits only under the condition that the participant agrees in writing that the Plan will be subrogated to all rights of recovery that the participant may have as a result of the injury. The participant must sign the Reimbursement Agreement prior to receiving claim payments from the Plan. If the participant is incapacitated and unable to sign the agreement, the Plan will pay the claim and pursue reimbursement at a later time. The Plan will pursue reimbursement regardless of whether a signed reimbursement agreement is in place.

The Plan reserves the right to reduce the amount of its recoverable subrogation interest if, in the discretion of the Plan, a reduction is in the best interest of the Plan and its participants and warranted by the circumstances. The Plan is not responsible for the expenses or attorney fees incurred by the participant in connection with any recovery.

STD Participation and Benefit Payment Duration

When Participation in the STD Plan Ends

Participation in the STD Plans generally ends on the earliest of the following:

- On the end date of the pay period which marks the termination of employment
- On the end date of the pay period in which an approved leave of absence without pay commences, except as required by law
- At 12:00 midnight when a protected leave ends, if the participant fails to return to work
- On the end date of the pay period in which an employee ceases to be eligible
- On the end date of the pay period in which a strike occurs (if the participant is a member of the bargaining unit engaged in the strike)
- On the date of a qualified life event
- On the date of termination of the Plan

When STD Benefit Payments End

STD benefits generally end when the participant:

- Returns to work as cleared by the participant's physician
- Is no longer disabled as defined by the particular disability plan
- Reaches the maximum duration payable under that plan
- Refuses to submit to an independent medical examination (arranged and paid for by the claims administrator) or fails to comply with any request, by the claims administrator, to help substantiate that the participant is disabled
- Is no longer under the regular and continuous care and treatment of a qualified Physician
- Dies

If a participant's disability started prior to termination of employment, disability benefits will continue to be paid up to the maximum duration approved under the plan.

For collectively bargained participants, disability benefits will continue to be paid if a strike occurs and the disability started prior to the strike. Benefits will be paid up to the maximum duration approved under the plan.

For more information on when participation or benefit payments end for all disability plans, refer to the Plan Document or Certificate of Insurance for each plan.

Returning to Work

Leidos requires that all participants returning from a disability leave provide a "fitness for duty" or "doctor's release" clearly stating the date he is no longer considered to be disabled, as well as the date he is able to return to work. This document is usually a note from the health care provider stating that the participant may return to full duty. If the healthcare provider is requesting modified duty or limited hours, this should be discussed with the claims administrator and the workplace in advance of the participant's return to work. A participant who does not present a release may not be allowed to work until the release is presented.

If the Participant Becomes Disabled Again

If a participant recovers from an illness or injury and returns to full active employment with Leidos (other than in rehabilitation employment), the participant may again be eligible for disability benefits if, within 31 days, the participant suffers another period of disability caused by, related to, and based on the same diagnosis as the prior period of disability. If these conditions are met, the participant will not be

required to satisfy another waiting period. The period of time worked will not count against the maximum benefit leave duration.

Successive disability benefits will begin on the most recent date the participant was unable to work. The participant must notify Sedgwick within five days of the successive disability.

Participants in a state-mandated plan must also notify the appropriate state claims administrator.

For more information about what happens when a participant becomes disabled again, refer to the Plan Document or Certificate of Insurance for each Plan.

Important: State-mandated plans have different maximum benefit durations.

STD Limitations and Exclusions

In general, benefits may be limited if:

- The participant is referred or recommended by competent medical authority to participate as a resident in either an approved alcoholism recovery program or an approved drug-free residential program. Benefits for alcoholism recovery treatment will be paid for a period not to exceed thirty (30) days for a period of disability. Benefits for drug-free residential facility participation will be paid for a period not to exceed forty-five (45) days for a period of disability. If the referring physician certifies the need for continuing resident services, benefits will be payable for up to sixty (60) additional days for alcoholism recovery treatment and up to forty-five (45) additional days for drug-free residential facility participation.
- The participant receives wages from Leidos (excluding Paid Time Off pay) for any day. Benefits will be paid for any seven-day week or partial week, in an amount that does not exceed the participant's maximum weekly benefit amount and which, when added to the wages received, does not exceed the participant's weekly wages, exclusive of the wages paid for overtime immediately prior to the commencement of the participant's qualified disability.
- The participant, for any day of unemployment or disability, receives or is entitled to receive benefits or cash payments for temporary or permanent disability under a workers' compensation or employer liability law of the federal government or any state (in which case, if the cash payments for temporary or permanent disability are less than the amount of disability benefit the participant would have received, the participant, if otherwise eligible, will be entitled to receive disability benefits, reduced by the amount of such cash payments).
- The employer can provide alternative employment that is within the capabilities of the employee, and that has status and compensation comparable to the employee's regular occupation as determined solely by the employer.

In general, benefits may not be available, if:

- The participant is not in an employment status that is eligible for disability benefits;
- The disability leave is not supported by objective medical evidence from a treating physician or other health care provider and approved by the claims administrator;
- The participant has reached the maximum benefits or duration allowed under the plan
- The participant's illness or injury is caused by participation in a violent disorder, assault or illegal occupation;
- The participant:
 - Is incarcerated in any federal, state, or municipal penal institution, jail, medical facility, public or private hospital, or in any other place because of a criminal conviction of a federal, state or municipal law or ordinance; or
 - Commits a crime and is disabled due to an illness or injury, caused by, or arising out of the commission of, arrest, investigation, or prosecution of any crime that results in a felony conviction
- The participant has willfully, for the purpose of obtaining benefits, either made a false statement or representation, with actual knowledge of the falsity thereof, or withheld a material fact, in order to obtain any benefits from the Plan;
- The disability is:
 - Not disabling (i.e., do not prevent the employee from doing his or her job)
 - Incurred during, or as a result of, engaging in a criminal act
 - Incurred while on layoff or leave of absence, severance, military leave of absence, or any other status where the participant was not engaged in active employment with Leidos, except required by law
 - Incurred while on full-time or part-time long-term disability
 - Incurred while the employee was on unauthorized absence, or was not an employee
 - Incurred as a result of service in any armed forces, except as required by law
 - Intentionally self-inflicted
 - Incurred because the participant was not receiving care or following the prescribed treatment plan that is:
 - From a healthcare provider whose training and clinical experience are suitable for treating the disease, illness, incapacity or injury
 - Consistent in type, frequency and duration of treatment with relevant guidelines of national medical, research, and health coverage organizations and governmental agencies
 - Consistent with the diagnosis of the condition

- For the purpose of maximizing medical improvement
- The participant is not under the continuous care and treatment of a duly qualified physician
- The illness or injury is caused by any act of war, declared or undeclared, or insurrection, except while traveling overseas on company business
- The disability is filed more than 60 days after the qualified disability began. The Plan Administrator may extend this period for good cause (for example, physician's delay in providing the requested medical information)

State-mandated plans may have different limitations and exclusions. Refer to each respective state's disability program for more information. See the *Leidos California Voluntary Disability Plan (CA VDP)* section for limitations and exclusions related to the CA VDP.

Disability Sick Leave (DSL)

Disability Sick Leave (DSL), which is company-provided and administered by Sedgwick, provides participants with paid time off for approved disabilities (maximum of 180 days). If a participant becomes sick or injured, DSL can be used to replace income or augment other short-term disability payments to the maximum level of DSL benefits available, based on the length of disability leave.

A participant receives DSL hours on the first day of hire or transfer date into a benefit-eligible status. Thereafter, a participant receives DSL hours on each employment anniversary. A participant receives up to 80 hours of DSL each year. Participants can accumulate up to 1,560 hours of DSL. Unused DSL hours are not payable upon termination. Eligible part-time employees will receive a prorated number of DSL hours based on their standard workweek schedule at the time of grant.

Newly eligible employees acquired as part of a merger, acquisition, or incumbent capture may receive credit for prior service earned at the M&A target or incumbent company for purposes of calculating the initial DSL credit. Eligible employees granted prior service under this policy must be clearly defined and approved by the Chief Human Resources Officer (or delegate(s) of any such officer).

The commencement of DSL benefits depends on the circumstances of the participant's disability. DSL is payable:

- On the first day of a qualified disability if the participant is hospitalized as **defined**;
- On the eighth calendar day of a qualified disability.

Should it be medically necessary for the participant to reduce work hours by 25% or more, but not cease work entirely, the reduced workday will be applied to serve the waiting period consecutively for seven (7) calendar days.

DSL benefits are payable for up to 180 days for any one period of disability. DSL may not be used to supplement Long-Term Disability (LTD) benefits, even if the participant has DSL available.

Any DSL benefits participants receive are taxable, and payroll deductions for elected benefits will continue to be made while a participant receives DSL benefits.

Based on the length of disability and the DSL hours available:

- A participant who is unable to work due to a qualified disability may receive a weekly benefit of up to 100% of his regular wages after satisfying the waiting period. These benefits are available for weeks two (2) through ten (10) of disability.
- If the participant remains eligible after the 10th week of disability, the participant may receive up to a maximum of 80% of his regular wages. These benefits are available through the 19th week of disability.
- If the participant remains eligible after the 19th week of disability, he may receive up to 66 2/3% of his regular wages. These benefits are available through the 26th week of disability not to exceed 180 days.

Voluntary Short-Term Disability Insurance (VSDI)

Eligible employees can purchase additional STD coverage through Voluntary Short-Term Disability Insurance (VSDI). This plan is intended to integrate with other Leidos plans such as DSL, Leidos CAVDP and state-mandated programs. Contributions are made on a pre-tax basis. VSDI is administered by Sedgwick.

VSDI benefits begin:

- On the first day of a qualified disability if the participant is hospitalized as defined; or
- On the eighth calendar day of a qualified disability.

Should it be medically necessary for the participant to reduce his or her hours by 25% (minimum two hours for an eight-hour workday) or more, but not cease work entirely, the reduced workday will be applied to serve the waiting period consecutively for seven calendar days.

A participant who elects VSDI will be eligible to receive up to 80% of his total disability benefit (not to exceed plan maximums) from the VSDI plan.

The VSDI schedule below illustrates the integration of VSDI with other disability plans such as DSL and other state plans for periods of up to 26 weeks, not to exceed 180 days.

VSDI Schedule			
PERIOD OF DISABILITY	TOTAL PAY (From all sources)	VSDI (Integrated with state plan, if applicable)	DSL PORTION
WEEK 1	0 (7-day waiting period)	0 (7-day waiting period)	0 (7-day waiting period)
WEEKS 2 – 10	100% of regular weekly wages	80% (maximum weekly benefit of \$4,808)	20%, as available
WEEKS 11 – 19	80% of regular weekly wages	80% (maximum weekly benefit of \$3,846)	20%, as available
WEEKS 20 – 26*	66 2/3% of regular weekly wages	80% (maximum weekly benefit of \$3,202)	20%, as available

* Not to exceed 180 days

Example: For a participant who does not live in a state with a mandated plan, has enrolled in VSDI and is making \$1,000 per week, the participant would be eligible for the following disability benefits:

Example VSDI Payment Schedule			
LENGTH OF DISABILITY	TOTAL BENEFIT (From all sources)	VSDI (Integrated with state plan, if applicable)	DSL BENEFIT
WEEK 1	0	0	0
WEEKS 2 – 10	\$1,000	\$800	\$200**
WEEKS 11 – 19	\$800	\$640	\$160**
WEEKS 20 – 26*	\$667	\$534	\$133**

* Not to exceed 180 days

** Based on DSL balance

If hospitalized as defined, the participant will receive:

- **Weeks 1-9:** Up to 100% of weekly wages to a maximum plan benefit
- **Weeks 10-18:** Up to 80% of weekly wages to a maximum plan benefit
- **Weeks 19-26:** Up to 66 2/3 of weekly wages to a maximum plan benefit

For the same participant who has elected not to enroll in VSDI, all benefits would be paid from the DSL plan and state plan where applicable.

Any VSDI benefits participants receive are taxable, and payroll deductions for elected benefits will continue to be made while a participant receives VSDI benefits.

If it is anticipated that you will be disabled for more than 26 weeks, you will receive information on how to file a claim for Long-Term Disability (LTD), if elected. When you transition to LTD, your coverage under most Leidos-sponsored benefits will cease. For more information refer to the LTD section *Impact of LTD on Leidos-Sponsored Benefits*.

Leidos California Voluntary Disability Plan (Leidos CA VDP)

Eligible employees in Leidos, Inc. are automatically enrolled in a special short-term disability insurance plan, the Leidos California Voluntary Disability Plan (Leidos CAVDP). This excludes employees working for subsidiaries who are covered by the State of California Short-Term Disability Insurance (CA SDI) program. The Leidos CA VDP is administered by Sedgwick and meets or exceeds the requirements of the state of California.

Participants pay for coverage through contributions that are no higher than the contribution rate for the California SDI Plan. These rates are established each year by the California Employment Development Department. For the 2026 plan year, the CA VDP employee contribution rate is 0.0 percent of taxable wages.

If a participant is enrolled in the Leidos CA VDP and is unable to work due to a qualified disability, the plan pays benefits equal to 70% to 90% of a participant's regular base wages. The current weekly maximum is \$1,765 per week (as of January 1, 2026). The weekly benefit maximum is set each year by the State of California. This is a calendar-day plan, so each day's benefit during a qualified disability is one-seventh of a participant's weekly benefit. Leidos CAVDP benefit payments are non-taxable, and certain payroll deductions will continue to be made while a participant is receiving Leidos CA VDP benefits.

The Leidos CAVDP will pay benefits after a mandatory seven-calendar-day waiting period, but for no more than 52 weeks (or 52 times the weekly amount). A partial day of disability will be counted as a full day for purposes of fulfilling the waiting period requirement.

Participants who also work for employers other than Leidos are entitled to receive a prorated benefit from those employers' disability plans in addition to any Leidos CA VDP benefit payments. Payments from each plan depend on the number of plans involved. The total amount a participant can receive from each disability plan will equal the portion payable under the California State Disability Insurance Plan. If the participant's employer has a private disability plan (as Leidos does) additional benefits may be payable.

If you have any questions about this Voluntary Plan or wish to withdraw from the Leidos CA VDP, contact Leave Services at 855-553-4367, option 4 or email LeaveServices@leidos.com.

To report a claim, contact Sedgwick, Leidos' disability claims administrator, at 1-877-399-6443.

Leidos CA VDP Limitations and Exclusions

Leidos CA VDP benefits may be limited, if:

- The participant is receiving wages or regular wages from any employer, except that benefits will be paid for any week or partial week not to exceed the maximum weekly benefit amount which, when added to the wages or regular wages, does not exceed the participant's weekly regular wages prior to the beginning of the disability;
- The participant is referred or recommended by competent medical authority to participate as a resident in either an approved alcoholism recovery program, an approved drug-free residential program or in an approved outpatient program for alcohol or drug treatment. The maximum number of days for which benefits are payable will be 90 days per the CUIC, sections 2626.1(a) and 2626.2 (a).
- The participant is receiving or is entitled to receive benefits or cash payments for temporary disability, vocational rehabilitation maintenance allowance or permanent disability benefits under workers' compensation law. However, if these benefits are less than the amount the participant would otherwise receive as benefits under this plan, he or she will be entitled to receive disability benefits reduced by the amount of these workers' compensation payments.
- Benefits will be limited to the state plan rate for disabilities occurring during the extended coverage period following the beginning of a layoff without pay or a leave of absence without pay.

Leidos CA VDP benefits may not be available, if:

- The participant is not an employee as defined in the plan;
- The participant did not meet the seven-day consecutive waiting period;
- The participant does not work for a Leidos organization that participates in this program;
- The disability is not supported by a certificate from a physician or health care provider stating a diagnosis, the medical facts within his or her knowledge, a conclusion with respect to the disability and an opinion with respect to the probable duration of the disability:
 - Physicians or other health care providers are required to submit an ICD diagnostic code or a detailed description of symptoms. The physician's or other healthcare provider's certificate must be based on a physical examination;
 - If the participant has been referred or recommended by a competent medical authority to participate as a resident in an alcoholism recovery program or drug residential program, the participant need not show actual disability;
 - Certification of disability may also be accepted from any duly authorized medical officer of any medical facility of the United States government; the registrar of a county hospital in this state; the duly authorized or accredited practitioner of any bona fide

church sect, denomination, or organization, which depends on healing entirely upon prayer and spiritual means;

- Certification is not required if the participant submits evidence of receipts of temporary or permanent benefits under a workers' compensation law for any day for which he or she is entitled to receive disability benefits reduced by such temporary or permanent worker's compensation benefits;
- Certification is not required If an employee has been ordered not to work by written order from a state or local health officer because the employee is infected with, or suspected of being infected with, a communicable disease.
- If the employee confined, pursuant to commitment, court order, or certification, in an institution, or other place, as a dipsomaniac, drug addict, or sexual psychopath;
- For any period of disability for which benefits are paid or payable under any Unemployment Compensation Act of the United States or of any state;
- The participant has knowingly made a false statement or representation in order to receive any benefits under this plan;
- The participant is incarcerated because of a criminal conviction, or he or she commits a crime and becomes disabled due to an illness or injury in any way caused by, or arising out of the commission of, arrest, investigation, or prosecution of any crime that results in a felony conviction.

Other State-Mandated Short-Term Disability Plans and Medical Leave Programs

In certain states, other short-term disability plans or medical leave programs will pay benefits. These plans include:

- California State Disability Insurance*
- Colorado Paid Family and Medical Leave Insurance (FAMLI)
- Connecticut Paid Family & Medical Leave
- Delaware Healthy Families Act
- District of Columbia Universal Paid Leave
- Hawaii Temporary Disability Insurance
- Maine Paid Family & Medical Leave (benefits begin 5/1/2026)
- Massachusetts Paid Family and Medical Leave
- Minnesota Paid Leave
- New Jersey Temporary Disability Insurance
- New York Disability Benefit
- Oregon Paid Family Leave Insurance

- Puerto Rico Temporary Disability Insurance
- Rhode Island State Temporary Disability Insurance
- Washington Paid Family and Medical Leave

* All Leidos, Inc. employees living in California are automatically covered by the Leidos California Voluntary Disability Plan (Leidos CA VDP). Employees working at Kudu Dynamics LLC, Leidos Security Detection and Automation, Leidos Engineering, 1901 Group, Gibbs & Cox, Dynetics, Inc and Dynetics Technical Solutions, Inc are covered by the State of California SDI program. If you are unsure which plan you participate in, contact Leave Services at 855-553-4367, option 4 or email LeaveServices@leidos.com.

The state-mandated plans are administered by the participant's respective states. These plans are required by state law.

DSL and VSDI are supplements to these plans, which means that the state plans pay first and DSL/VSDI will make up the difference, up to the benefit level that the plans would normally pay.

Voluntary Long-Term Disability (LTD)

After 180 days of disability, a participant may be eligible to receive benefits through Long-Term Disability (LTD) insurance if elected. LTD benefits are designed to provide you with income if you are absent from work for six consecutive months or longer due to an eligible illness or injury.

In some states, LTD benefits may be paid at the same time as STD benefits. When this occurs, benefits will be integrated with other sources (refer to your LTD evidence of coverage for more information).

Below are some important terms used in describing how a participant is eligible to receive benefits through the LTD Plan:

- **Qualified Disability** —One where a participant cannot perform his or her own occupation in the first two years of disability. After two years of disability, a qualified disability is one where a participant is unable to perform any occupation that he or she is reasonably qualified to hold. Refer to the LTD evidence of coverage, issued by Life Insurance Company of North America (LINA), a New York Life company, for more information on criteria for "own occupation" versus "any occupation."
The participant will be required to provide objective medical evidence to LINA, the claims administrator, to qualify for benefits. The plan administrator will determine the types of medical documentation needed and how frequently the documentation must be updated.
- **Claims Administrator**—**Life Insurance Company of North America (LINA)**, a New York Life company.
- **Claims Fiduciary**—**Life Insurance Company of North America (LINA)**, a New York Life company.

The plan administrator has appointed **Life Insurance Company of North America (LINA)**, a New York Life company, as the claims fiduciary for adjudicating claims for benefits under the Plan, and for deciding any appeals of denied claims. The Insurance Company shall have the authority, in its discretion, to interpret the terms of the Plan, to decide questions of eligibility for coverage or benefits under the Plan, and to make any related findings of fact. All decisions made by the Insurance Company shall be final and binding on Participants and Beneficiaries to the full extent permitted by law.

Important: This document provides only a summary of general plan provisions. A separate evidence of coverage is available from LINA, which serves as the legal document that governs the plan.

Overview of LTD Benefits

If a participant is unable to work after 180 days of continuous disability, the participant may be eligible to receive LTD benefits if elected. LTD provides a monthly benefit equal to 60 percent of an employee's base monthly salary not to exceed \$14,500 per month.

Employees enrolled in LTD pay 100 percent of the cost on an after-tax basis thereby providing a tax-free benefit when received.

LTD is underwritten by LINA (a New York Life company), and a participant must meet the Plan's criteria for disability to qualify for income replacement under this program. Refer to the Plan's evidence of coverage for more information about qualifying for income replacement.

The following maximum benefit periods apply:

Duration of LTD Benefit	
AGE WHEN PARTICIPANT'S DISABILITY BEGINS:	MAXIMUM BENEFIT PERIOD:
AGE 62 OR UNDER	The employee's 65th birthday or the date the 42nd Monthly Benefit is payable, whichever is later
AGE 63	The date the 36th Monthly Benefit is payable
AGE 64	The date the 30th Monthly Benefit is payable
AGE 65	The date the 24th Monthly Benefit is payable
AGE 66	The date the 21st Monthly Benefit is payable
AGE 67	The date the 18th Monthly Benefit is payable
AGE 68	The date the 15th Monthly Benefit is payable
AGE 69 OR OLDER	The date the 12th Monthly Benefit is payable

Impact of LTD on Leidos-Sponsored Benefits

Under LTD, you are no longer eligible for Leidos-sponsored medical, dental and vision benefits, and coverage for you and your dependents will end as of the last day of the pay period in which you transition to LTD. However, you and your covered dependents are eligible for COBRA coverage for these benefits. You must elect COBRA coverage within 60 days after the last day you were actively at work. You will be sent a COBRA enrollment package with detailed information on how to enroll.

Under LTD, you may no longer participate in the Health Care Flexible Spending Account or Limited Purpose Flexible Spending Account (LPFSA). Under certain circumstances, you may elect to continue participating in this account on an after-tax basis through COBRA. Contact Employee Services for details. You must file claims for eligible expenses (incurred while participating in the plan) by April 30 of the next calendar year.

Under LTD, you may no longer participate in the Dependent (Day) Care Flexible Spending Account. This benefit is not eligible for COBRA continuation. You must file claims for eligible expenses (incurred while participating in the plan) by April 30 of the next calendar year.

When you transition to LTD, you are no longer eligible for the following plans:

- Basic Accidental Death and Dismemberment Insurance*
- Group Universal Life Insurance
- Voluntary Accidental Death and Dismemberment Insurance
- Business Travel Accident Insurance

If elected, you may be eligible to continue these plans as individual policies. Refer to the [Life and Accident Insurance Continuation/Conversion Matrix](#).

**You are eligible to continue Basic Life Insurance for up to 24 months. After 24 months, you may convert your Basic Life coverage to an individual policy.*

How LTD Works

What to Do in Case of a Long-Term Disability

To assist the employee in transitioning from short-term to long-term disability claim with LINA, the following will occur at week 17 of an employee's disability:

1. For participants who elected LTD, Sedgwick will send all open STD claims to LINA via an electronic file. LINA plan administrators will also have access to the Sedgwick system to view pertinent claims information.
2. Sedgwick will send a letter notifying the claimant that the claim was referred to LINA for evaluation of LTD Benefits.
3. LINA will send a letter to the participant requesting completion of the Disability Questionnaire and authorization form. **Please note that this must be completed within 30 days of receipt.**
4. Upon receipt of the Disability Questionnaire and authorization form from the participant, LINA will review the claim for eligibility.

Definition of Disability / Disabled

A participant is disabled if, because of injury or illness:

- The participant is unable to perform all the duties of his or her regular occupation, or unable to earn more than 80% of indexed covered earnings.
- The participant has been paid disability benefits for 24 months and unable to perform all the duties of any occupation for which he or she may reasonably become qualified based on education, training or experience, or unable to earn more than 80% of his or her indexed covered earnings. Refer to the evidence of coverage for more information about indexed covered earnings.

How LTD Benefits Are Paid

If the participant is receiving benefits from the LTD plan:

- Disability benefits are paid once a month;
- Benefits can be sent through the mail, or electronically deposited;
- If not directed otherwise, a check will be mailed to the participant's home or address of record from the insurance company; and
- There are no deductions other than applicable taxes and offsets (see the evidence of coverage for more details).

Pre-Existing Conditions

A "pre-existing condition" means any injury or illness for which the participant:

- Received medical treatment, care or services including diagnostic measures; or
- Took prescribed drugs or medicines; or
- Incurred expenses

New Hires or Newly Eligible Employees

LTD benefits may not be payable if an employee files a claim within 12 months of the effective date of coverage for any disability caused by, contributed to or resulting from a pre-existing condition that is diagnosed or treated within 3 months before the LTD coverage effective date.

Late Entrants

LTD benefits may not be payable if an employee files a claim within 24 months for any disability caused by, contributed to or resulting from a pre-existing condition that is diagnosed or treated within 12 months before the LTD coverage effective date.

The pre-existing condition limitation will not apply to a participant covered under a prior plan who satisfied that plan's pre-existing condition limitation, if any. It will still apply to any benefit amount greater than that of the prior plan. If the participant did not completely satisfy the pre-existing condition limitation of the prior plan, the participant will receive credit for any time that was satisfied. For any person who becomes an employee of the employer as a part of an acquisition, the pre-existing condition limitation will not apply.

Time will not be credited for any day a participant is not actively at work due to his or her injury or illness. The pre-existing condition limitation will be extended by the number of days the participant is not actively at work due to injury or illness.

Late entrants are employees who did not enroll in LTD when first eligible. If you are a late entrant who files a claim within 24 months of coverage, LTD benefits may not be paid for any disability caused by, contributed to or resulting from a pre-existing condition that is diagnosed or treated within 12 months before the LTD coverage effective date.

Benefit Maximums for Certain Conditions

LTD benefits will be paid on a limited basis during a participant's lifetime for a disability caused by, or contributed to by, any of the following conditions. Once 24 monthly disability benefits have been paid, no further benefits will be paid for any of the following conditions:

- Alcoholism
- Anxiety disorders
- Delusional(paranoid) disorders
- Depressive disorders
- Drug addiction or abuse
- Eating disorders
- Mental illness
- Somatoform disorders (psychosomatic illness)

If before reaching the lifetime maximum of 24 monthly benefits, a participant is confined in a hospital for more than 14 consecutive days for the appropriate care of any of the conditions listed above, that period will not count against the lifetime limit.

For a complete list of the LTD plan's limitations and exclusions, refer to the plan's evidence of coverage.

The Plan Determines Eligibility and Certifies Disability

The plan's claims administrator, LINA, determines eligibility and makes a determination of disability.

LINA, at its expense, has the right to examine, as often as reasonably required, any participant with a pending claim. LINA may also require an autopsy, at its expense, unless prohibited by law.

There is a formal appeal process if the participant disagrees with the determination of the claims administrator. For more information on the appeal process, refer to the plan's evidence of coverage.

LTD Actively-at-Work Provision

If the employee is on STD or not actively at work at the time of enrollment, LTD coverage will not be effective until the employee returns from leave. Premiums will not be charged until the coverage is active.

Confidentiality

All medical information that a participant or the physician supply to the LTD plan is kept confidential and will be protected from unauthorized use. Certain claims for non-occupational disability benefits may require the use of a special, written authorization form. The participant must sign and return the form as soon as possible so there is no delay in processing the claim.

LTD Claims Management

The LTD plan will require that the participant cooperate in collecting the medical information necessary to review the claim and make a benefit determination. The most common reason that claim payments are delayed is the failure of the participant's healthcare provider to return calls, return forms or otherwise provide medical documentation. A participant can help the plan administrators make more timely decisions by:

- Explaining to the healthcare provider that the administrator will be contacting them;
- Following up with the health care provider's office after a request for information has been made to ensure that the information is being collected and sent to the administrator; and
- Notifying LINA immediately if the participant's return-to-work plans change, or if the health condition significantly changes (for example, if a surgery is needed). This will allow the plan administrator to help the employee file for an extension of benefits, if appropriate.

Continuation of Insurance

Disability insurance continues if a participant's active service ends because of a disability for which covered benefits are or may become payable. Premiums for the participant will be waived while disability benefits are payable. If the participant does not return to active service, this insurance ends when the disability ends or when benefits are no longer payable, whichever occurs first.

If a participant's active service ends due to an employer-approved unpaid leave of absence, insurance for that participant will continue for up to 24 months if the required premium is paid.

If a participant's active service ends due to family medical leave of absence, insurance for that participant will continue for up to 12 weeks if the required premium is paid.

Rehabilitation During a Period of Disability

If the plan determines that a disabled participant is a suitable candidate for rehabilitation, a rehabilitation plan may be put in place. The terms and conditions of the rehabilitation plan must be mutually agreed upon by the participant and the plan.

The plan may require a participant to participate in a rehabilitation assessment or a rehabilitation plan at its expense. The plan will work with the participant, the employer and the participant's physician and others, as appropriate, to develop a rehabilitation plan. Disability benefits will not be paid if the participant refuses to participate in the rehabilitation efforts.

The rehabilitation plan may, at the plan's discretion, allow payment of the participant's medical expense, education expense, moving expense, accommodation expense or family care expense while he or she participates in the program.

A "rehabilitation plan" is a written agreement between the participant and the plan in which the plan agrees to provide, arrange or authorize vocational or physical rehabilitation services.

Work Incentive Benefits

For the first 12 months the participant is eligible for a disability benefit, the disability benefit is determined based on the minimum and maximum disability benefit. If for any month during this period, the sum of the participant's disability benefit, current earnings and any additional other income benefits exceeds 100% of his or her indexed covered earnings, the disability benefit will be reduced by the excess amount.

After the first 12 months, the disability benefit is determined based on the minimum and maximum disability benefit, reduced by 50% of current earnings received during any month the participant returns to work. If the sum of the current earnings and any additional other income benefits exceeds 80% of the participant's monthly indexed covered earnings, the disability benefit will be reduced by the excess amount figured above. No benefits will be paid if the plan determines the participant is able to work and refuses to do so under a transitional work arrangement or other modified work arrangement.

Current earnings include any wage or salary for work performed while disability benefits are payable. If participant is working for another employer on a regular basis when disability begins, current earnings will include any increase in the amount the participant earns from this work during the period for which disability benefits are payable.

Refer to the evidence of coverage for more information on indexed covered earnings.

Survivor Benefits

The plan will pay a survivor benefit if a participant dies while monthly benefits are payable. The benefit will equal 100% of the sum of the last full disability benefit payable to the participant plus any current earnings by which the disability benefit was reduced for that month. A single lump sum payment equal to 6 monthly survivor benefits will be payable.

Benefits will be paid to the participant's spouse or registered domestic partner. If there is no spouse or domestic partner, benefits will be paid in equal shares to the participant's surviving children. If there is not a spouse/registered domestic partner and no children, no benefits will be paid.

"Spouse" means a participant's lawful spouse. "**Domestic Partner**" is defined in the Eligibility section. "Children" means a participant's unmarried children under age 26 who are primarily dependent upon the participant for support and maintenance. The term includes a stepchild living with the participant at the time of his or her death.

Coordination with Other Benefits

Social Security Disability Benefits

When a participant is unable to work for an extended period of time, the participant may be eligible for Social Security Disability Income (SSDI). SSDI allows an employee to receive income.

A participant who is disabled should apply for SSDI as soon as it is clear that the duration of the disability will be longer than six months. When the participant applies for LTD benefits, LINA will require that the participant apply for SSDI benefits and will offer assistance throughout the SSDI application process.

If the participant is eligible for Social Security disability benefits, any such payment will be subtracted from disability benefits the participant receives from the disability plans.

It is not uncommon for the SSDI application and approval process to take several months, and for benefits paid to be retroactive back to a certain date of disability. A participant receiving LTD benefits will be asked by LINA to sign an Overpayment Reimbursement Agreement stating that the participant will reimburse LINA for any Social Security benefits received for the same period of time the participant was receiving disability benefits.

Other LTD Benefits

The LTD plan is designed to provide a certain degree of income protection if a participant is unable to work for long periods of time. However, the plan may reduce the disability benefit paid if, while a participant is disabled, he or she may be eligible for benefits from other income sources.

If so, benefits may be reduced by the amount of these other income benefits, including:

- Any amounts which the participant or any dependents receive (or are assumed to receive) under:
 - the Canada and Quebec Pension Plans;
 - the Railroad Retirement Act;
 - any local, state, provincial or federal government disability or retirement plan or law as it relates to the participant;
 - any employer sick leave plan;
 - any work loss provision in mandatory "No-Fault" auto insurance;
 - any Workers' Compensation, occupational disease, unemployment compensation law or similar state or federal law, including all permanent as well as temporary disability benefits. This includes any damages, compromises or settlement paid in place of such benefits, whether or not liability is admitted;
- Any Social Security disability benefits the participant or any third-party receives (or are assumed to receive) on the participant's behalf or for his or her dependents; or, which his or her dependents receive (or are assumed to receive) because of the participant's entitlement to such benefits;
- Any employer-funded retirement plan benefits. "Retirement plan" means any defined benefit or defined contribution plan sponsored or funded by a participant's employer. It does not include:

- an individual deferred compensation agreement;
- a profit sharing or any other retirement or savings plan maintained in addition to a defined benefit or other defined contribution pension plan;
- any participant savings plan including a thrift, stock option or stock bonus plan, individual retirement account or 401(k) plan;
- Any proceeds payable under any franchise or group insurance or similar plan. If there is other insurance that applies to the same disability claim, and which contains the same or a similar provision for reduction because of other insurance, the plan will pay a pro rata share of the total claim. "Pro rata share" means the proportion of the total benefit that the amount payable under one policy, without other insurance, bears to the total benefits under all such policies;
- Any amounts paid because of lost earnings or loss of earning capacity through settlement, judgment, arbitration or otherwise, where a third party may be liable, regardless of whether liability is determined;
- Any wage or salary for work performed. If a participant is covered for Work Incentive Benefits, the plan will only reduce disability benefits to the extent provided under the Work Incentive Benefit in the Schedule of Benefits.

Although this coordination of benefits may reduce the amount received from the LTD plan, all benefits together will still equal the total amount the participant is eligible for under the LTD plan.

When LTD Benefits End

Returning to Work

Leidos requires that all participants returning from LTD provide a "fitness for duty" or "doctor's release" prior to returning to work. This document is usually a note from the health care provider clearly stating that the participant is not considered to be disabled, as well as the date the participant is able to return. If the healthcare provider is requesting modified duty or limited hours, this should be discussed with LINA and the workplace in advance of the participant's return to work. A participant who does not present a release may not be allowed to work until the release is presented.

When LTD Coverage Ends

LTD coverage ends:

- When the participant is eligible for coverage under a plan intended to replace this coverage;
- When the insurance policy is terminated;
- At the end of the pay period in which the participant is no longer in an eligible class;
- At the end of the last pay period for which premiums are paid; or
- When the participant dies.

- An employee may elect to stop their Voluntary Long-Term Disability coverage. Any change will only apply prospectively and must follow the Plan's procedures.

When LTD Benefit Payments End

LTD benefit payments end on the earliest of the following dates:

- The date the participant earns more than the percentage of indexed covered earnings which is used to determine if the participant is disabled;
- The date the claims administrator determines the participant is no longer disabled;
- The date the maximum benefit period ends;
- The date the participant dies;
- The date the participant refuses to participate in rehabilitation efforts;
- The date the participant is no longer receiving appropriate care.

If a participant's disability started prior to termination of employment, disability benefits will continue to be paid up to the maximum duration approved under the Plan.

For collectively bargained participants, disability benefits will continue to be paid if a strike occurs and the disability started prior to the strike. Benefits will be paid up to the maximum duration approved under the Plan.

For more information about when LTD benefits end, refer to the plan's evidence of coverage.

If a Participant Becomes Disabled Again

Once a participant is eligible to receive LTD benefits, separate periods of disability resulting from the same or related causes are considered a continuous period of disability unless the participant returns to active service with Leidos for more than six consecutive months. A period of disability is not continuous if separate periods of disability result from unrelated causes or the later disability occurs after coverage ends.

If a participant is eligible for coverage under a plan that replaces this disability plan, the successive periods of disability provision will not apply.

For more information about what happens when a participant becomes disabled again, refer to the plan's evidence of coverage.

What the LTD Plan Does Not Cover

LTD benefits will not be paid for a disability that results, directly or indirectly, from:

- Suicide, attempted suicide, or whenever a participant injures himself or herself on purpose;
- War or any act of war, whether or not declared (For Class 1 employees only);

- Serving on full-time active duty in any armed forces. If the participant sends proof of military service, the plan will refund the portion of the premium paid to cover the participant during a period of such service;
- Active participation in a riot;
- Commission of a felony; or
- Revocation, restriction or non-renewal of a participant's license, permit or certification necessary to perform the duties of his or her occupation unless that is due only to covered injuries or illnesses.

LTD benefits will not be paid for any period of disability during which the participant:

- Is incarcerated in a penal or corrections institution;
- Is not receiving appropriate care under a licensed physician;
- Fails to cooperate with the plan in the administration of the claim, such as providing any information or documents needed to determine whether benefits are payable or the actual benefit amount due;
- Refuses to participate in rehabilitation efforts as required by the plan; or
- Refuses to participate in a Transitional Work Arrangement or other modified work arrangement.

"Transitional Work Arrangement" means any work offered to the participant by Leidos or an affiliated company while the participant is disabled, and which may be his or her own or any occupation. The term includes but is not limited to reassigned duties, work site modification, flexible work arrangements, job adaptation or special equipment.

For more information about what the LTD Plan does not cover, refer to the plan's certificate of coverage.

Conversion Privilege

If a participant's coverage ends because employment with Leidos ends, or a participant is laid off or on an uninsured leave of absence, the participant may be eligible for long-term disability conversion insurance. To be eligible, a participant must have been insured for disability benefits and actively at work for at least 12 months. A participant must apply for conversion insurance within 62 days after coverage ends. The benefits of the conversion plan will be those benefits offered at the time a participant applies. The premium will be based on the rates in effect for conversion plans at that time.

Conversion insurance is not available if any of the following conditions apply:

- A participant is retired or age 70 or older;
- A participant is not inactive service because of disability; or
- The insurance policy is canceled for any reason.
