Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Does not apply	You don't have to meet deductibles for specific services, but a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You do not have to pay deductibles for specific services.
What is the out-of-pocket limit for this plan ?	For medical, hospital and prescription drug services provided by in-network providers - \$6,350 Individual / \$12,700 Family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance billing charges , health care this plan doesn't cover, payments for non essential benefits, out of network coinsurance / copayments , and penalties for failure to obtain precertification for services.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.ssspr.com or call 1-800-981-3241 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .
